

# Nash Treasure Hunt

## How well do you know your village?

Hopefully during 'Lock Down' you have used the time to add an hour of exercise to your routine and maybe that included a walk around the village.

Well, let's test your powers of observation and find out even more about our village!

On the next page is Nash's version of that very important government slogan..

We cannot 'spell out' how important this is to us all, but as you exercise, look for the locations of the letters that make up our version of the slogan on the last page.

Each of the letters are part of a sign or nameplate in a location that can be easily seen from the public highway and **there is no need to enter private property** and keep a watch out for any passing traffic.

Here's a hint to get you started... there are three distinct locations for each of the parts of the slogan so don't think that you will have to wander all over the village to find them.

Be careful, as some of the letters could be on the same sign and some may be in a different order than on the sign. Cunning eh!

**At all times, ensure that you practice 'Social Distancing' (keeping more than 2m from other people unless family members) and please do not touch the signs as others will be visiting the same locations (hopefully!)**

Fill out the following sheet with your answers and all the answers will be posted on Social Media via the Facebook and WhatsApp groups and sent via the Nash Alert email.

There is no prize except for the joy of discovering more about our village.

However, please make a donation to the Nash Raising Funds for NHS via the Just Giving Page if you feel it was good fun...or even if you didn't!

On the following page is a familiar message that has been spelt out using photos of signs in Nash.

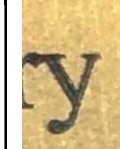

Simply find the location of each letter that makes up the Slogan and write the exact location below..
